

Season On "Hens" Near.  
The rule prohibiting licensed  
farmers from dealing in live or  
killed fowls between Feb-  
ruary 11 and April 30, has been  
extended to end midnight, April

Farmers are warned not to  
be on the market with the end-  
of the "closed season" on  
fowls, as too many fowls on the  
market may result in food loss.  
Poultry stock should be sold  
gradually. Farmers will have  
better markets if they avoid  
flooding them. Universal mar-  
keting of fowls may react on  
prices as well as cause spoilage  
of dressed poultry.

#### If I Were a Farmer.

If I were a farmer I would  
keep at hand a few reliable med-  
icines for minor ailments that  
are not so serious as to require  
the attention of a physician,  
such as Chamberlain's Colic and  
Diarrhoea Remedy for bowel  
complaints.

Chamberlain's Cough Remedy  
for coughs, colds and croup.

Chamberlain's Liniment for  
sprains, bruises and rheumatic  
pains.

Chamberlain's Tablets for  
stomach troubles, biliousness  
and constipation.

By having these articles at  
hand it would often save the  
trouble of a trip to town in the  
busiest season or in the night,  
and would enable me to treat  
ailments as soon as they appear,  
and thereby avoid the more se-  
rious diseases that so often fol-  
low.

Miss Florence Kidd returned  
Sunday from a few days' visit  
in Corder.

Mrs. Birgit Clapp went to Hig-  
ginsville Saturday for a few  
days' visit.

Mrs. Mary Ayers went to Kan-  
sas City Saturday for a few  
days' visit.

Mrs. Annie Jasper and son,  
William, of Sedalia, spent Sun-  
day with Mrs. George Cohrs.

Mrs. S. D. Russel went to Kan-  
sas City Monday to spend the  
day.

#### Do You Sleep Well?

To be at his best a man must  
have sound refreshing sleep.  
When wakeful and restless at  
night he is in no condition for  
work or business during the day.

Wakefulness is often caused by  
indigestion and constipation, and  
is quickly relieved by Chamber-  
lain's Tablets. Try a dose of  
these tablets and see how much  
better you feel with a clear  
head and good digestion.

Miss Flora Anderson of Kan-  
sas City, spent Sunday here with  
Miss Ruth Fanolio.

Miss Annie Bookasta return-  
ed to Wellington Saturday after  
a visit here with relatives.

Mrs. M. L. Bland and children  
went to Higginsville Friday eve-  
ning for a few days' visit.

Miss Salome Schooling went  
to Higginsville Friday evening  
for a few days' visit.

Mrs. Henry Thorp went to Se-  
dalia Friday evening for a visit.

Mrs. John Wilson of Higgins-  
ville, arrived Saturday for a visit  
with Mrs. C. E. Yingling.

#### For Bilious Troubles.

To promote a healthy action  
of the liver and correct the dis-  
orders caused by biliousness,  
Chamberlain's Tablets are excel-  
lent. Try them and see how  
quickly they give you a relish for  
your food and banish that dull  
and stupid feeling.

Mr. and Mrs. Z. A. Wright  
spent Sunday in Kansas City.

Mrs. T. Blake and daughter,  
Miss Catherine, returned Mon-  
day evening to their home in St.  
Louis, after a visit with Sister  
Anne Gertrude.

Mrs. J. F. Griner went to  
Kansas City Tuesday for a visit.

Mr. and Mrs. A. Lane went  
to Kansas City Tuesday for a  
few days' visit.

## SECRETARY BAKER AT HIS DESK AGAIN

Head of American War Depart-  
ment Returns Steeled for  
the Work Ahead.

### TO SPEED UP WAR MOVEMENT

Will Make Detailed Report of Obser-  
vations at Front to President  
Wilson at Once.

Washington, April 17.—Steeled  
to the work ahead of him by personal  
knowledge of conditions at the battle  
fronts in Europe, Secretary Baker  
returned to his desk at the War De-  
partment tonight from his trip abroad  
prepared to concentrate every energy  
on expediting the movement of Amer-  
ican fighting men to France.

The war secretary, it is understood,  
is not inclined to underestimate the  
peril that further German successes in  
the present terrific onslaught against  
the Allied lines might involve. There  
is no doubt, however, that he believes  
adequate measures to checkmate the  
German effort will come out of the  
pooling of all Allied and American re-  
sources under command of General  
Foch, the impressive French com-  
mander-in-chief.

Mr. Baker had little to say for pub-  
lication. On his arrival early today  
at an Atlantic port he authorized this  
statement:

"I return with a sense of pride and  
confidence at the achievements of the  
United States and Allied troops  
abroad. It would justify many trips  
across the water."

Whatever direct information the  
war secretary may have as to the  
plans of General Foch will be for the  
ear of President Wilson alone.

There have been many reports that  
Mr. Baker went to Europe for the  
purpose of urging unification of all  
Allied armies under a single com-  
mander. He had no comment to make on  
this point.

Officials familiar with the  
circumstances of his conferences with  
the British and French authorities  
and with Generals Bliss and Pershing,  
however, regard it as a most fortunate  
thing that he was on the scene when  
the German blow was struck. His  
presence served to expedite greatly  
the decision to pool all Allied re-  
sources in men and munitions in order  
to meet the new peril.

## PARTIAL PAYMENT PLAN FOR LIBERTY LOAN IS POPULAR

WAGE EARNERS MAY OBTAIN  
BONDS AND PAY IN WEEKLY  
INSTALLMENTS.

### THE BANKS AGREE ON FORM

City Workers May Pay Weekly, While  
in Rural Communities Systems  
Adapted to Needs Are  
Being Developed.

The government "partial payment"  
plan is being adopted by many of the  
cities and towns throughout the  
Eighth Federal Reserve District for  
handling the Third Liberty Loan,  
which starts April 6. Committees have  
been appointed in several cities to  
work out details in connection with  
the plan. It is thought that no formal  
subscriptions to be used in the sale  
of the bonds will reach anything like  
the aggregate number of subscribers  
who will take advantage of this method  
of purchasing.

In St. Louis a committee of bankers  
has been active shaping arrangements  
so that purchasers of these bonds will  
have the privilege of buying them on  
weekly installments.

F. O. Watts, president Third Na-  
tional Bank of St. Louis and chairman  
of the Metropolitan Committee of the  
Eighth Federal Reserve District, is  
highly enthusiastic over the plan.

During the previous loans, Mr.  
Watts said, there were approximately  
25,000 subscribers in St. Louis which  
were taken on a weekly installment  
plan, but in his opinion that city  
ought to have 125,000 subscribers to  
the weekly payment plan. That is the  
goal set by the present committee for  
the Third Liberty Loan Bond issue.

Of the 47 banks in St. Louis, 46 have  
signed up to co-operate in pushing the  
weekly payment subscriptions, and a  
uniform contract to govern such sub-  
scriptions, approved by the St. Louis  
Clearing House Association, as well  
as the banks themselves, has been  
adopted.

The form of contract is given below:  
The owner of this "Liberty Loan" pass book  
has agreed to purchase from the \_\_\_\_\_ bank or trust company \_\_\_\_\_ dollars  
per value of the United States Govern-  
ment Liberty Loan Gold Bonds, and here-  
by agrees to pay for same at face value and  
accrued interest in installments within 12  
months from the date hereof.

Each payment shall be entitled to interest  
earned at the rate of the said Third Liberty  
Loan Bonds bear, but no payment shall draw  
interest prior to the date from which the  
bonds themselves bear interest and said inter-  
est shall be adjusted at the time of surrender  
of this pass book.

Because on issue of Bonds is made bearing  
a higher rate of interest, and into which this  
loan of bonds may be converted, the said  
bank or trust company may at its option exer-  
cise the conversion privilege in which event  
each increased rate shall accrue to the pass  
book owner.

If the purchaser shall become delinquent in  
making regular payments, the said bank or  
trust company reserves the right to return  
such passbook plus or minus the amount rep-  
resenting the difference between the market  
value and the par value of the bonds. This  
pass book shall not be negotiable, and must be  
presented when payments are made.

By the acceptance of this pass book the owner  
thereof accepts and assents to these terms  
and conditions.

The pass books and deposit tickets  
for the 46 St. Louis banks have been  
ordered and will be distributed to the  
participating banks sometime next  
week. The Publicity Committee is co-  
operating with the Finance Committee  
of the Central Organization, and it  
has been arranged to cover the field  
from every angle of advertising.

Special copy for street cars, factory  
cards, billboards, newspapers, maga-  
zines, direct-by-mail circulars and win-  
dow cards are being prepared, so that  
the duty as well as the opportunity of  
every American citizen will be care-  
fully brought home to the people.

Callaway County Adopts.  
Not only in the large cities through-  
out the Eighth Federal Reserve Dis-  
trict will the "partial payment" plan  
be adopted, but in smaller cities and  
communities as well. In Callaway  
County, Mo., the Bankers' Association  
has already appointed a committee to  
work out a plan suitable for the banks  
there.

In this busy age many buy their  
homes, automobiles, pianos and talk-  
ing machines on the installment plan.  
Uncle Sam says, Why not buy govern-  
ment bonds in this manner? We can  
whip the Germans with our money,  
but not with the money in our  
pockets or bank accounts. It must go  
into the United States Treasury in sub-  
scriptions to Liberty Bonds.

To win this war quickly and deci-  
sively, it is necessary to enlist the co-  
operation of people of all classes and  
occupations, and there can be no bet-  
ter way to do this than by effecting a  
general participation in the invest-  
ments by which the government will  
finance our fighting forces.

Will Sell Farm for Bonds.  
A farm in exchange for Liberty  
bonds is the offer which has been  
made by O. L. Campbell, a real estate  
dealer of Hopkinsville, Ky. Further,  
Campbell states positively he will not  
take money of the usual kind for the  
farms—it is Liberty Bonds or nothing.

## LIVELY INTEREST IN SUCCESSOR

VACANCY CREATES SCRAMBLE

HIGH OFFICE.

### MAY BE A ST. LOUIS MAN

cal Importance of Selection—

Willard D. Vandiver, subtreas-  
urer at St. Louis.

Jackson Johnson, St. Louis.  
A. M. Dockery, former governor.  
\*\*\*\*\*

Political interest in the capital has  
centered on a discussion of the prob-  
able appointee for United States sen-  
ator to fill the vacancy created by the  
death of Senator Stone, for which it  
is certain that there will be the liveli-  
est scramble that has developed for  
any office in the state for many years.

It is believed here that a St. Louis  
man will be appointed. This belief  
is due to the fact that Governor Gar-  
ner is more intimately acquainted  
with St. Louis men who measure up  
to senatorial stature than he is with  
men in other parts of the state, to  
the fact that Senator Reed is from  
Kansas City, and to the fact that ac-  
cording to some authorities there does  
not appear on the political horizon a  
man out in the state who is large  
enough for the job.

The governor has long had his eye  
on the job, some people say, and it has  
been frequently predicted that he  
would have been a candidate in 1920.

The only way he could secure the  
toga now would be for him to resign  
and have the new governor, Crossley,  
appoint him to fill the unexpired term.  
It is not thought at all probable that  
this will be done.

Wheat the Most Profitable.  
According to figures furnished from  
the state board of agriculture wheat  
now brings the highest price and prof-  
it of any cereal crop, just as it did  
in times before the war.

The average price received by the  
farmer for wheat in the three years  
preceding the war, was \$8.69, while  
the price received now is \$2.006. This  
is an increase of 131 per cent.

For corn in the three pre-war years  
he received an average price of \$6.65;  
now he is receiving \$1.399, an increase  
of 109 per cent. Oats now bring \$7.87;  
in pre-war times they brought \$4.04.  
Barley before the war brought the  
farmer \$6.48; now the price is \$1.319.  
Both oats and barley have increased  
in returns to the farmer by 105 per  
cent.

Dies Away From Home.  
A man supposed to be Frank Pier-  
son of Leasburg, Mo., died suddenly  
on Broadway, near Main street, East  
St. Louis.

He staggered on the street and two  
men went to his assistance. They  
helped him into a stairway, where he  
set down, and in a few minutes was  
dead. In his pocket was found a bank  
book bearing the name of Frank Pier-  
son, Leasburg, Mo. He apparently  
was 40 years old.

Sedalia.—Postal authorities have  
been notified of the robbery of the  
post office at Norton, a small town in  
this county. Money and stamps to  
the amount of \$40 were taken.

Sacred.—Bert Maybes of the field  
auxiliary service is at home for a short  
vacation. He is stationed at Fort  
Snell, Ok.

Insurance Law Knocked Out.  
The Missouri non-forcible statute,  
regulating insurance companies, was  
in effect declared invalid by the su-  
preme court in reversing federal court  
decisions preventing the New York Life  
insurance Co. from forfeiting a life  
insurance policy for non-payment of  
premiums.

The court held that the statute  
"transcends the power of the state."

Mexico.—Col. E. H. Burton of the  
Missouri Military Academy, has been  
appointed chairman of the Audrain  
County Council of National Defense.

Neosho.—Prof. Charles T. Baldwin  
has been re-elected principal of the  
public schools of this city at an in-  
creased salary.

Union.—J. E. Weineke announces  
his candidacy for the office of collect-  
or of Franklin county on the Repub-  
lican ticket.

## Farmer Kills Three.

Mexico.—Mr. and Mrs. Nolan Mc-  
Cowan and their 15-year-old daughter,  
whose home was nine miles southwest  
of here, in Audrain county, were shot  
and killed by the girl's husband, Shel-  
by Derby Adkins of Mexico. Adkins,  
a farmer, then killed himself.

McCowan was slain at 8:30 at the  
barn, where Adkins was in hiding. The  
first shot slightly wounded McCowan,  
who was begging for his life when his  
wife appeared. Adkins fired two shots  
at her and she died instantly. He then  
turned his weapon on McCowan and  
killed him.

Joe Woolery, a farm hand, wit-  
nessed the killing. He attempted to  
keep Adkins from killing his wife.

Adkins threatened to shoot the farm  
hand if he interfered. Adkins then  
killed his wife as she ran from a bed-  
room into a hallway.

Later Woolery slipped away and no-  
tified the county authorities. When he  
returned Adkins was dead on the floor  
of a bedroom, where he had removed  
his shoes and with his toe pulled the  
trigger of the shotgun.

Pinned to Adkins' coat was a note  
stating he was going to shoot his wife  
and himself because they had sepa-  
rated and she refused a reconciliation.

Two sisters of Mrs. Adkins and her  
baby were in the home at the time of  
the murders. Adkins made no effort  
to shoot them.

Service Board Asserts Rights.  
Jefferson City.

The state public service commission  
indicated that it will not yield juris-  
diction in the application of the United  
Railways Co. for increased fares,  
when it practically denied the motion  
for rehearing of City Counselor J. A.  
Harzfeld of Kansas City in a similar  
case and set the case for hearing on  
its merits.

Harzfeld's motion was based upon  
the recent decision of the New York  
court of appeals, which denied the  
right of the New York public service  
commission to alter a franchise con-  
tract between the city of Rochester  
and the street car company of that  
city.

City Counselor Daves of St. Louis  
met Harzfeld by appointment in Jef-  
ferson City at the conclusion of the  
hearing on the application of the United  
Railways Co. They discussed the  
advisability of applying for writ of  
prohibition in the supreme court to  
prevent the commission from hearing  
the St. Louis and Kansas City cases  
in both of which the street car com-  
panies are asking the commission to  
set aside franchise contracts.

After careful examination of au-  
thorities, Counselors Daves and Harz-  
feld decided that the only remedy  
will be a writ of certiorari to the su-  
preme court, if the commission grants  
the demands of the company.

Governor's Wife Patriotic.  
"I gladly give my dollar to start the  
state campaign in Missouri to save the  
lives of the babies. I am a mother  
and I know how dear these children  
are and I shall do everything possible  
to lend my assistance in trying to blot  
out the big death rate in this state,"  
said Mrs. Frederick D. Gardner, mat-  
ress of the gubernatorial mansion at  
Jefferson City, as she stood at the  
executive desk of Mayor Henry W.  
Kell, in the city hall, and handed Mrs.  
Lon O. Hocker a silver currency bill.

"And I willingly subscribe the first  
dollar in the city of St. Louis to go  
toward the city fund to diminish the  
death rate of children in this city,"  
said Mayor Kiel, as he gave Mrs.  
Hocker a crisp note. "It is a work to  
save the future men and women of  
our land while they are helpless little  
ones."

These are the first contributions to  
the state and city fund of the chil-  
dren's bureau, department of labor.  
There were 5,000 Missouri babies who  
died last year and 800,000 little ones  
in the United States who perished be-  
cause of improper food and care. Mrs.  
B. F. Bush is city chairman of the  
bureau.

Louisiana.—Capt. A. F. Lovell of  
Eolia was fated by his numerous  
friends here on the occasion of the  
seventy-sixth anniversary of his birth.  
A sumptuous dinner was enjoyed at  
Soellinger's restaurant.

Sedalia.—Frank Counce, a student  
at the Lincoln school, was severely  
cut in a fight with Charles Proctor,  
a student of George R. Smith college.  
Proctor will be given a hearing in  
juvenile court.

Columbia.—Mrs. Walter Williams,  
wife of the dean of the Missouri  
School of Journalism, is dead after an  
extended illness. As Miss Hilda Har-  
ned she was popular in local society.

Clinton.—The Henry Country Bar  
association has organized to render  
such legal assistance as might be re-  
quired by the government. John A.  
Galbraith is president and James A.  
Parks secretary.

Butler.—The body found in the  
Marais des Cygnes river south of the  
city has been identified as that of R.

making fishing trips to this section  
every spring for a number of years.  
It is believed that he was drowned ac-  
cidentally.
